MULTI- USER DETECTION APPROACH FOR
USE IN A CDMA SYSTEM

PETITION UNDER 37 CFR 1.181

MS Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This petition is filed to contest a conflicting Statement Under 37 CFR 3.73(b) and a Revocation and Power of Attorney which was filed in connection with this patent on July 15, 2010 by CPA Global associated with customer number 59796. Patentee hereby petitions that the Power of Attorney granted by the Office on July 28, 2010 to CPA Global (59796) be revoked and restored to Marshall Gerstein & Borun LLP-Marvell (64768).

The undersigned, Gregory E. Stanton, is the attorney of record in this patent by virtue of a power of attorney associated with customer number 64768 that was filed on December 7, 2006 and accepted by the USPTO on December 15, 2006.

The current Assignee of record is Marvell World Trade Ltd. as evidenced by the following chain of title:

Chain of Title of U.S. Patent No. 7,428,260

Assignor	Assignee	Date of Document	Reel/Frame
Inventor, Daniel Yellin	Intel Corporation	10/30/2003	014664/0419
Intel Corporation	Marvell International Ltd.	11/08/2006	018515/0817
Marvell International Ltd.	Marvell World Trade Ltd.	12/12/2006	018635/0333

On July 15, 2010, a Revocation and Power of Attorney and Certificate Under 37 CFR §3.73(b) was filed in connection with U.S. Patent No. 7,428,260. The Certificate Under 37 CFR 3.73(b) was signed by Intel Corporation and alleged that title in U.S. Patent No. 7,428,260 is in Intel Corporation. The Certificate Under 37 CFR 3.73(b) cites an assignment from the inventor to Intel Corporation, purportedly recorded at Reel 018635, Frame 0621.

The Statement Under 37 CFR 3.73(b) filed on July 15, 2010 is false. As evidenced by the chain of title above, Marvell World Trade Ltd. is the current Assignee of record. Intel Corporation assigned all of its ownership rights in U.S. Patent No. 7,428,260 in November of 2006. Moreover, the document recorded at Reel/Frame 018635/0621, which Intel Corporation alleged is an assignment from the inventor to Intel Corporation, is in fact an Exclusive License from Marvell World Trade Ltd. to Marvell International Ltd.

Intel Corporation is not the current owner of U.S. Patent No. 7,428,260. Intel gave up its ownership rights in November 2006, i.e., prior to the Power of Attorney filed on December 7, 2006. Therefore, Intel Corporation cannot now revoke the Power of Attorney filed on December 7, 2006.

In light of the above, Patentee respectfully requests that the Power of Attorney granted by the Office on July 28, 2010 to CPA Global (59796) be revoked and restored to Marshall Gerstein & Borun LLP-Marvell (64768).

No fee is believed to be due for this submission. However, if any fee is owed in view of this petition, the Commissioner is authorized to charge any such fee to Deposit Account No. 13-2855 under order number 31146/MP1483.

Dated: August 31, 2010

Respectfully submitted,

By /Gregory E. Stanton #45,127/
